Dream Big DANCE

DANCE TEACHERS WANTED

Build Your Program With Us

Dream Big Dance Studio · North Hollywood · Multiple positions

THE OPPORTUNITY

Dream Big Dance Studio is growing and **seeking experienced, passionate dance teachers** to join our warm, supportive team. We are looking for teachers who want more than a time slot: partners who will **help grow our current classes, develop new ones and share in that success**.

We are dedicated to providing quality dance training for students of all ages. Having successfully run classes for every age group, we are now expanding our program for children and teens.

OPEN POSITIONS

Program	Ages	Style ideas (open to your specialty)
Early Childhood	2 – 5	Creative movement, pre-ballet, combo classes and more
Elementary	6 – 11	Ballet, tap, jazz, hip hop, acro and more
Teen	12 – 17	Technique and performance: contemporary, lyrical, jazz, hip hop, ballet and more

Bring your own style: the styles above are only examples. We are not tied to any particular style and would love to build classes around what you teach best, so tell us about your specialties when you apply.

WHO WE'RE LOOKING FOR

We are building our children's and teen programs and are searching for experienced instructors who know how to inspire and manage young dancers. You do not need experience with every age group. Whether you specialize in one, such as our youngest dancers (ages 2–5), or teach them all, we would love to hear from you.

- At least **two years of experience teaching dance in one or more of our age groups** (early childhood, elementary or teen)
- Strong class management, with age-appropriate progressions and choreography that keep dancers engaged and safe
- **A builder's mindset:** invested in growing your classes and building strong relationships with families
- Willing to help promote your program: bringing students, social media, trial classes, workshops and events
- A warm, encouraging teaching style, reliability, professional communication and a team-first attitude
- Able to pass a background check before the first day

WHAT WE OFFER

- **Competitive pay, tailored to you:** a fixed per-class rate or a revenue-share (percentage) model, depending on your experience, the type of class and the program you build. We will work out the structure that fits you best.
- Flexible scheduling at one home studio, built around you and studio demand. Classes typically run weekday mornings and afternoons
- Creative input, including your own choreography and class ideas
- **Content marketing support:** professional photo and video shoots to promote you and your classes
- Front desk and administrative support, so you can focus on teaching
- Access to studio space for your own rehearsal and creative work
- **A brand-new studio:** teach in our 1,700 sq ft space with natural light, full-length mirrors and changing rooms
- **Booking made easy:** class booking, payments and reminders are handled through our studio app, so you never have to chase students or payments
- **Free classes** at the studio for our teachers
- A warm, collaborative team that supports you

HOW TO APPLY

Step 1 · Gather:

- Your resume, including the studios or schools where you have taught and the ages of your students
- A **1–2 minute video of you teaching** students in the age group(s) you are applying for, or links to social media. Videos that show you **teaching a class, not just performing**, are preferred
- A few sentences about how you would help grow your classes

Step 2 · Email it to: **info@dreambigdancestudio.com**

Step 3 · Use this subject line: **"Teacher Application – Your Name – Your Style – Age Group(s)"** (for example, "Teacher Application – Maria Lopez – Hip Hop – Ages 6–11")

Step 4 · What happens next: Applicants who meet our criteria will be contacted to schedule a virtual or in-person interview. Please be ready to provide two references from studios or schools where you taught children.

We look forward to meeting you and seeing you in action. Get to know us on Instagram: @dreambig.dance
